

# SIDEKICK™

Heavy-Duty, Reversible Clamp-On Screen Lift

## ADVANTAGES

- Spring-action screen lift
- Fully reversible for use on either side of screen
- Two models available to accommodate a wide range of screen sizes
- Works with any frame up to 2" high
- Leaves your hands free for other tasks
- Heavy-duty construction for years or reliable service

AWT's heavy-duty, reversible Sidekick holds up your frame on the left or right side while screen printing. Sidekicks are designed to meet the needs of screen printers working on hand tables and one-man vacuum tables, with small and large frames.

Versatile clamp-on Sidekicks are constructed from heavy-gauge steel with spring-action lift, and are easy to assemble on most frames. Two sizes are available to fit small to very large frames. Each size can work on left or right side of any frame up to 2" high.

Sidekicks are available in two sizes: a 6" model for frames up to 30 x 45" (76 x 114cm), and a 9" model for frames up to 48 x 80" (122 x 203cm).
